Davisware to expand Development Office presence in India

WEST DUNDEE, IL (February 23, 2016) – Davisware has partnered with the Government of Andhra Pradesh and was recently approved for the acquisition of a 1.2 acre lot in Visakhapatnam, India (also known as Vizag). This particular region of India is the epicenter for state-of-the-art technology leaders, such as IBM, CYIENT, Tech Mahindra and Wipro, so to be included among these tech giants is a monumental opportunity for our company.

Currently, Davisware's team of developers operate out of its offices in Hyderabad, India and will continue to do so until they find their permanent home in Vizag in the near future. Not only is this transition indicative of our substantial growth year over year, but it also solidifies the Davisware brand as an emerging global technology leader.
